

BUSY BEES DAY NURSERY SWANSEA

Joined Cool Milk: June 2010

Number of Drinkers: 5

Jayne Neyland, Nursery leader says:

We use Cool Milk because:

"We've always provided milk but found the old scheme to be a hassle. With Cool Milk, it is hassle-free with no paperwork and never costs us a penny. It is also very beneficial to have it delivered to our door rather than having to fetch it from the shops."

We provide free milk at our nursery because:

"It is very healthy, containing vitamins and nutrients that are especially beneficial for young children. The calcium helps them to develop healthy teeth and bones."

How milk fits into our day:

"We have a break in the morning and the afternoon where the children sit as a group and have their milk. After the children have had their milk, they then have fruit that parents provide."

→ Run a hassle-free Cool Milk scheme at your setting... ←
